THE WOMAN'S HOSPITAL IN THE STATE OF NEW YORK

Founded in 1855 through the efforts of J. Marion Sims, M.D.; incorporated in 1857.

The Woman's Hospital has the distinction of being the first institution in the world established by Women "for the treatment of diseases peculiar to women and for the maintenance of a Lying-In Hospital."

Its first site was at Madison Avenue and 29th Street, where a building was rented, equipped for forty patients and opened on May 4, 1855.

Twelve years later a building to accommodate seventy-five patients and the necessary staff of officers and nurses was built on land granted by the City, bounded by Park and Lexington Avenues and 49th and 50th Streets, and was opened for patients on October 12, 1867. A second building similar to the first was added in 1877 providing increased accommodations for patients and improved facilities for surgical work and investigation.

On the Lexington Avenue site the work of the hospital was continued for thirty-five years. In 1902 the property was sold and the hospital closed temporarily during the erection of its new building on Cathedral Heights.

The present hospital building was completed and opened for patients on December 5, 1906.

The Nurses' Home, built largely through the generosity of the late Mrs. Morris K. Jesup on land given by the late Mrs. Frederick Ferris Thompson, was completed in December, 1914.

The Thompson Building, built and equipped by the late Mrs. Frederick Ferris Thompson, was officially opened on December 9, 1915. This building provided the hospital with extensive pathological laboratories, ten additional private rooms, two additional operating rooms and accommodations for the Out-Patient and the X-Ray Departments.

The Out-Patient Building and an extension to the X-Ray Department were completed and opened for patients on March 13, 1929.

Present capacity of the hospital: 314 patients.

Lecture on Antepartum Care to Clinic patients, Friday, 9:30 a. m.

X-Ray Therapy Clinic (High and medium therapy): Monday, Thursday and Friday, 10:30 a. m.; Tuesday and Wednesday, 1:30 p. m.

Gastroenterological Clinic: Tuesday and Friday, 1:30 p. m.

Urological Clinic: Tuesday, Thursday, Saturday, 9 a. m.

Orthopedic Clinic: Monday, 3 p. m.

Follow-Up Clinics: Gynecological — Tuesday, 10 a. m.; Wednesday, 3:30 p. m.; Thursday, 10 a. m.

Obstetrical—Thursday, 3:30 p. m.

Pediatric—Monday, 11 a. m.

Cancer Follow-Up—Thursday, 10 a. m.

Endocrine Clinic—Saturday, 1:30 p. m.

STAFF CONFERENCES

Wednesdays, 5 p. m.

The Medical Profession is invited to attend.

EIGHTY-THIRD ANNUAL REPORT OF THE BOARD OF GOVERNORS OF THE WOMAN'S HOSPITAL IN THE STATE OF NEW YORK

The Board of Governors of the Woman's Hospital in the State of New York presents the following reports from the several departments of the Hospital for the year ending December 31, 1938.

The Board calls attention to the following facts:

During the year 2,908 ward patients were given a total of 44,620 days treatments of which 29,762 days treatments or 66.7% were free. The receipts from the ward patients amounted to \$92,412.29 while the care of these patients cost the Hospital \$276,558.48.

In the Out-Patient Department 11,073 patients made a total of 43,694 visits in the Clinics. The cost of maintaining this service amounted to \$49,408.08 while the fees collected from patients able to pay amounted to \$22,719.31.

In the Social Service Department 3,637 cases were cared for, including the prenatal care of 724 prospective mothers; 2,116 visits were made to the homes of patients, including 1,524 visits for the Surgical and Obstetrical Follow-Ups, and the care of 38 convalescent patients was arranged for with the various Convalescent Homes.

The net cost of the charitable activities of the Hospital for the year amounted to \$210,834.96.

The total current receipts from earnings, donations and income from investments amounted to \$499,731.82 and the total current expenses to \$555,523.75 leaving an excess of current expenses over current revenue of \$55,791.93.

Comparative statistics for the year 1938 and 1937 will be found in the Report of the Treasurer on page 16.

The principal needs of the Hospital are:

Larger General Endowment

Funds for Scientific Research

Endowment of \$10,000 for the Surgical Library and Record Room

Funds for Emergency Treatments for Needy Cases.

After twenty years of able and devoted service, Dr. George Gray Ward requested to be relieved from the duties of Chief Surgeon.

The Board reluctantly granted this request and is gratified to report that Dr. Ward will continue his postgraduate courses in radiography and to teach the Residents who are qualifying for the Degree of Medical Science in Columbia University. Dr. Ward also will carry on his work in the Cancer Clinic, which he has so competently developed during the past twenty years.

In order to commemorate Dr. Ward's long and splendid work as Chief Surgeon and his capable work for the general advancement of knowledge in the study of Gynecology and also to record their true appreciation and affection, the Board of Governors presented Dr. Ward with a silver bowl inscribed as follows:

1938

PRESENTED BY THE WOMAN'S HOSPITAL
IN THE STATE OF NEW YORK

TO

GEORGE GRAY WARD, M.D.

CHIEF SURGEON OF THE WOMAN'S HOSPITAL

HONOURARY FELLOW OF THE BRITISH COLLEGE OF
OBSTETRICIANS AND GYNECOLOGISTS

PROFESSOR EMERITUS OF OBSTETRICS AND GYNECOLOGY
IN CORNELL UNIVERSITY

CLINICAL PROFESSOR OF OBSTETRICS AND GYNECOLOGY IN
COLUMBIA UNIVERSITY IN THE CITY OF NEW YORK

TO COMMEMORATE

THE TWENTIETH ANNIVERSARY OF HIS APPOINTMENT AS
CHIEF SURGEON OF THE HOSPITAL

A GREAT TEACHER, AN ABLE ADMINISTRATOR
A LOYAL FRIEND

Dr. Albret H. Aldridge has been appointed Dr. Ward's successor.

It is with deep sorrow that the Board announces the death on the twenty-second day of November, 1938, of their fellow member, Stephen G. Williams, whose devotion to the Hospital was unwavering.

Mr. Williams was elected a Governor in 1922 and served as a member of the Board and of the Executive Committee, and also of the Committee on Law, until his death. The regularity of his attendance at the meetings of the Board and of the various committees of the Hospital, his willingness to undertake any work for the good of the patients and his unfailing sympathy and good nature were outstanding and were truly appreciated by all responsible for the management of the Hospital.

The Board extends its heartfelt sympathy to Mr. Williams' family and to his many friends.

The Governors acknowledge with gratitude the many donations the Hospital has received during the past year, including a legacy from the estate of the late Mary Strong Shattuck amounting to \$8,812.46.

The Governors also wish to record their appreciation of the faithful and efficient services rendered by the Surgical, Executive and Nursing Departments.

FINLEY J. SHEPARD,
Secretary.

GRENVILLE LINDALL WINTHROP,
President.

[REDACTED]

IN MEMORY OF
STEPHEN G. WILLIAMS

BOARD OF GOVERNORS—1922-1938
DIED—NOVEMBER 22, 1938

From the Minutes of the Meeting of the Board of Governors of the Woman's Hospital in the State of New York, held December 19, 1938.

Resolved, That the Board of Governors of the Woman's Hospital in the State of New York does hereby record its deep sense of loss in the passing on November 22, 1938, of Mr. Stephen G. Williams.

Elected a member of the Board in February, 1922, and in the same year appointed to its Committee on Law, he served continuously until his death. For more than half of that period he was also a member of the Executive Committee. Learned in the Law and temperate in judgment, Mr. Williams inspired confidence and by his genial and kindly manner earned the high esteem of his fellow governors, by whom his memory will be cherished.

Be it further Resolved, That the above resolution be adopted and that an engrossed copy be prepared and sent to Mrs. Williams.

FINLEY J. SHEPARD,
Secretary.

1886	BROADWAY TABERNACLE CHURCH, by an unknown friend, in perpetuity	5,000
1886	MRS. H. MAUNSELL SCHIEFFLIN, in perpetuity	5,000
1887	MRS. HIRAM W. SIBLEY, in memory of her mother, MAR- GARET D. HARPER, in perpetuity	5,000
1888	MRS. HENRY R. WINTHROP, in perpetuity	5,000
1888	MR. JOHN JACOB ASTOR, five beds in memory of his wife, CHARLOTTE AUGUSTA ASTOR, in perpetuity	25,000
1888	CATHARINE M. McCOSKRY, in perpetuity	5,000
1888	For support of above bed	5,000
1889	MR. JAY GOULD, in memory of his wife, MRS. HELEN DAY GOULD, in perpetuity	5,000
1889	MISS HELEN M. GOULD, in memory of her mother, MRS. HELEN DAY GOULD, in perpetuity	5,000
1890	MR. CHARLES H. SENFF, in perpetuity	5,000
1892	MR. and MRS. ALFRED M. HOYT, in memory of their daughter, MARY E. HOYT, in perpetuity	5,000
1892	MRS. JOHN B. TREVOR, in memory of her mother, MRS. A. G. NORWOOD, in perpetuity	5,000

REPORT OF THE TREASURER

1892	MR. JOHN E. PARSONS, "In memoriam HELEN REED PARSONS," in perpetuity	\$5,000
1894	MRS. MATILDA W. WHITE, in memory of her mother, MRS. JAPHET BISHOP, in perpetuity	5,000
1894	GEORGE W. CULLUM, deceased, to be known as the "ELIZABETH H. CULLUM BED," in perpetuity	5,000
1895	ANTHONY DEY, in memory of his wife, MARY B. HUMPHREYS DEY, in perpetuity	5,000
1895	MRS. JAMES T. MURRAY, in perpetuity	5,000
1896	MRS. JOHN A. ROBINSON, in memory of her sister, CECILIA C. STANBERY, in perpetuity	5,000
1897	MRS. LEVI P. MORTON, in memory of her mother, SUSAN WATTS STREET, in perpetuity	5,000
1898	MARY A. EDSON, in perpetuity	5,000
1899	MRS. HOWARD GOULD, in perpetuity	5,000
1899	ANGELINA B. CRANE, in perpetuity	5,000
1900	CAROLIN E. HOLLISTER, in memory of EVA C. JOHNSON, in perpetuity	5,000
1901	MISS HANNAH COLGATE, in memory of her sister, MRS. ELIZABETH COLGATE MAGHEE, in perpetuity	5,000
1901	MRS. S. P. AVERY, in memory of her beloved dead, in perpetuity	5,000
1901	ANDREW GARVEY, two beds to be known as the "ELIZABETH JEFFRIES GARVEY BEDS," in perpetuity	10,000
1902	MRS. RACHEL M. HUSTACE, in perpetuity	5,000
1902	MALCOLM GRAHAM, in memory of his mother, EMILY CLASON GRAHAM, in perpetuity	5,000
1902	For support of above bed	5,000
1903	MRS. JULIAN JAMES, in memory of her father, THEODORUS BAILEY MYERS, in perpetuity	5,000
1904	MR. and MRS. WALTER GRAEME LADD, to be known as the "P. FLEWELLEN CHAMBERS BED," in perpetuity	5,000
1904	MRS. JOSEPH M. WHITE, in perpetuity	5,000
1906	MRS. JAMES T. MURRAY, in perpetuity	5,000
1906	MRS. FREDERICK W. VANDERBILT, to be known as the "LOUISE VANDERBILT BED," in perpetuity	5,000
1906	MARY G. W. BLACK, in memory of her mother, SOPHIA C. WITHERBEE, in perpetuity	5,000
1907	HELEN ELLIS COLE, in perpetuity	5,000
1907	MR. CLARK WILLIAMS, in memory of his mother, ABIGAIL CLARK WILLIAMS, in perpetuity	5,000
1907	MRS. CHARLES ABERNATHY, in perpetuity	5,000
1909	MRS. F. W. VANDERBILT, in perpetuity	5,000
1909	EMMA A. TILLOTSON, to be known as the "WILLIAM H. PINKNEY BED," in perpetuity	5,000
1909	PHEBE ANNA THORNE, in perpetuity	5,000
1910	MR. FERRIS SHERMAN THOMPSON, in memory of his mother, ABIGAIL SHERMAN THOMPSON, in perpetuity ..	10,000

REPORT OF THE TREASURER

1910	MRS. HENRY LEWIS MORRIS, in memory of her sister, ELEANOR E. R. PEABODY, in perpetuity	\$5,000
1911	MISS ELLEN KING, for two lives, in memory of Dr. HENRY DENTON NICOLL	3,000
1912	MR. W. W. WALL, in memory of his wife, CLARA ELLIE WALL, in perpetuity	5,000
1912	MRS. JOHN E. PARSONS, to be known as the "DAVID WOLFE BISHOP 2ND BED," in perpetuity	5,000
1912	WILLIAM A. and KATHERINE DuBOIS, in memory of CATHERINE BRINCKERHOFF DuBOIS, in perpetuity	5,000
1912	MRS. CHARLES J. HARRAH, in perpetuity	5,000
1913	MRS. ROBERT WINTHROP, in memory of DOROTHY WINTHROP, in perpetuity	5,000
1915	MRS. JOHN E. PARSONS, in memory of her husband, JOHN E. PARSONS, in perpetuity	5,000
1915	HOMER V. LOCKWOOD, to be known as the "MRS. HOMER V. LOCKWOOD BED," in perpetuity	5,000

REPORT OF THE SUPERINTENDENT

TO THE BOARD OF GOVERNORS:

Ladies and Gentlemen:

I have the honor to present herewith the Report of the Superintendent for the year 1938.

For the second consecutive year the activities of the Hospital have increased considerably. Service was rendered to a total of 16,576 individuals; 5,503 in-patients were given a total of 78,048 days care in the wards, semi-private and private rooms and 11,073 out-patients made a total of 43,694 visits to the Out-Patient Department. Births totaled 1,660 which included 38 pairs of twins.

The Social Service Department cared for 3,637 cases and made a total of 37,362 ward, clinic, office and home visits.

A comparison of the service rendered by the Hospital during the year 1938 with that of the preceding year shows an increase of 488 in the number of individuals cared for, an increase of 3,779 days care in the private and semi-private services, an increase of 62 days care in the ward services, an increase of 144 births and an increase of 1,614 visits to the Out-Patient Department.

The Report of the Treasurer shows an increase of \$23,856.04 in Hospital earnings, a decrease of \$1,625.50 in donations from individuals, an increase of \$590.31 from the United Hospital Fund and an increase of \$3,717.07 in income from investments; the total net increase in Current Revenue amounting to \$27,667.03 as compared with the year 1937.

Current Expenses have increased to the amount of \$28,153.65 over the previous year, the principal increases being in the following items:

Salaries and Room Rent of Nurses	\$19,686.13
Electro-therapeutical Department	6,727.55
Maintenance Department	5,175.85

The increase in the first item is due mainly to necessary additions to the nursing staff to care for the increased number of patients; to the decrease in the employment of special nurses by patients and to the greater number of nurses provided with rooms outside the Hospital.

The replacement of our deep therapy X-ray machine accounts for the increase in the second item and in the third the replacement of several laundry machines.

Although there was an increase of 22 per day in the number of patients and personnel provided for, there were decreases in the following items as compared with 1937:

Provisions	\$4,090.35
Medical and Surgical Supplies	1,681.62

These decreases were due in part to lower prices, but also to judicious purchasing and to the careful supervision exercised in the issuance and consumption of these and all other supplies as well.

REPORT OF THE SUPERINTENDENT

Total Current Revenue for the year amounted to \$499,731.82 and Total Current Expenses to \$555,523.75 with a resultant excess of Current Expenses over Current Revenue of \$55,791.93.

Capital expenditures for alterations, new furnishings and equipment have brought our total deficit for the year to \$73,475.23.

Average per capita costs for the year were as follows:

Private and Semi-Private Adults per day	\$9.22
Private and Semi-Private Infants per day	2.30
Ward Adults per day	7.81
Ward Infants per day	1.95
Out-Patients, per visit	1.13

More detailed information regarding costs and the work accomplished may be found in the Report of the Board of Governors, in the departmental reports and on the statistical pages immediately preceding this report.

During the year the Hospital cared for 395 indigent public charges at a cost to the Hospital of \$32,859.12. The payments made by the City of New York for the care of these cases amounted to only \$9,679.90.

The continued rapid growth of the Associated Hospital Service, Inc., has resulted in a large increase in the number of subscribers admitted as patients, a total of 736 as compared with 347 last year.

The Hospital was inspected in January and the Out-Patient Department in April by the State Department of Social Welfare and favorable comment made with reference to our facilities and the work being done.

During the year many improvements were made, the principal one being the much needed addition of 22 beds to our semi-private obstetrical service. This was effected by taking over the entire seventh floor of the nurses' home, which connects with the ward obstetrical floor of the Hospital, rooming the nurses outside, making the necessary alterations and providing new equipment and furnishings. Work was commenced in January and the first patient was admitted to the new wing on March 15th.

The cost of this work, including furnishings, amounted to \$8,208.62.

Two new Garment Presses were installed in the Laundry.

Bed Pan Washers and Sterilizers were installed on the Private Floors.

Replacements included the following:

200 kilovolt Deep Therapy X-Ray Machine and Bed
6-roll Flatwork Ironer
54" Washing Machine

Installation of safety treads was completed on both main stairways in the Hospital.

Extensive repairs were made to Engines, Refrigerating Machine, Elevators and other apparatus and the usual amount of painting and renovation done to keep plant and equipment in good condition.

REPORT OF THE SUPERINTENDENT

We are indebted to the Assistant Board for making possible many improvements and refurnishings by appropriations from their Special Fund. A list of these may be found on page 25.

In May, the Superintendent attended the Annual Conference in Buffalo of the Hospital Association of New York State and in October he and a number of the Administrative and Nursing Staffs attended the Hospital Standardization Conference of the American College of Surgeons in this City. The operative clinics held in the Hospital at that time were very well attended.

The Babies' Alumni added 463 new members and collected \$1,934.75 in dues. The Alumni contributed \$1,911 from its funds towards the cost of the free care given indigent mothers during the year.

Our membership in the Hospital Bureau of Standards and Supplies, Inc., continues to save the Hospital, through economies in purchasing, many times the amount of our annual dues.

Thanks are due my Assistants, all Department Heads and the Personnel in general for their coöperation and faithful service and I thank your Board for your continued support.

Respectfully submitted,

JAMES U. NORRIS,
Superintendent.

REPORT OF THE CHIEF SURGEON

TO THE BOARD OF GOVERNORS:

Ladies and Gentlemen:

I have the honor of presenting the Annual Report of the Surgical Department for the year 1938.

On April 1st, Doctor George Gray Ward, who had served as Chief Surgeon for twenty years, resigned from this position and was made Chief Surgeon Emeritus. During his long term of service, efficiency of the work of the Surgical Department was greatly improved by a complete reorganization of the duties of members of the Surgical Staff and the adoption of standardized operative techniques and procedures for the care and treatment of patients. Other accomplishments included improvements in our clinical records, the development of an efficient record department and an effective follow-up of the patients operated upon or treated. Under Doctor Ward's personal supervision a clinic for the treatment of gynecological cancer was organized. The Hospital has gained an international reputation for the results of work done in this clinic. The Hospital has done its part in meeting the demand for undergraduate and postgraduate teaching.

During the year the work of the Surgical Department has been efficiently carried on by members of the Surgical Staff, most of whom were trained at the Woman's Hospital during Doctor Ward's term of active service.

On September 19th Doctor Grete Strohr, who had been granted a leave of absence on account of illness, resumed her duties as head of our Pathological Department.

In October the Surgical Staff participated in the programs of the Annual Clinical Congress of the American College of Surgeons and the Annual Graduate Fortnight of the Academy of Medicine. A great deal of interest was manifested in the clinical demonstrations and operative work that was done.

Within the year we have been honored with visits from a number of distinguished surgeons. Doctors Virgil Counseller of the Mayo Foundation, Franklin F. Snyder of Johns Hopkins, Charles E. Gallaway of Northwestern University Medical School, Clifford Lull of Jefferson Medical College and Charles D. Read of the Chelsea Hospital for Women, London, England, visited the Hospital and gave interesting talks on various subjects before the Staff Conferences. Doctor Read of London and Doctor Edward Allen of Rush Medical College in Chicago, operated upon cases demonstrating techniques which have been developed in their clinics. Doctor Harold Chappel, Guys Hospital, London; Doctor Byran Jeaffreson of Leeds, England, and Doctor Charles Burger of Budapest, also visited the Hospital.

REPORT OF THE CHIEF SURGEON

The increasing demand for semi-private obstetrical accommodations has been satisfactorily met by the addition of twenty beds, which were made available on April first. Space for these additional beds was provided by converting the seventh floor of the Nurses' Home into a semi-private obstetrical ward. Another resident was added to the Resident Staff to assist with work in the Obstetrical Department.

STAFF CONFERENCES

Weekly Staff Conferences were held from October first to June first. During the summer months, casualty reports were filed every week in the Chief Surgeon's office. Since 1918 stenographic records of reports presented at these Conferences have been bound and placed on file. The average attendance was 38, and we had a total of 218 visitors in 1938. These Conferences are devoted to a careful check on the results of work for the week in all departments. At every Conference a demonstration of interesting pathological specimens is given by the Pathologist, and a part of the hour is devoted to case reports or short talks by members of the Attending and Resident Staffs, or visitors who have been invited to address the Conference.

TEACHING

The Attending Staff has given much thought to improving the methods for teaching our Resident Staff. Residents are allowed to do operative work under careful supervision. They are required to attend regular scheduled lectures and clinical demonstrations by members of our Staff on subjects related to the Specialty. Instruction in pathology and urology is given at hours set aside every week for the purpose.

The applications of two members of our Resident Staff were accepted for the advanced degree of Doctor of Medical Science at Columbia University.

A course of instruction in the treatment of gynecological cancer was given to six postgraduate students by Doctor Ward with the assistance of Doctors McIntosh, Sackett and Motyloff. This course was given under the auspices of Columbia University.

A screen has been installed in the Sims Operating Room for the projection of slides and motion pictures. This has facilitated the teaching of our Residents and the giving of demonstrations before our visitors. Many visitors from this country and abroad have attended our operative and cancer clinics, and the weekly Staff Conferences.

SURGICAL LIBRARY

The Attending and Resident Staffs find our Surgical Library a valuable asset to the work of the Hospital. We are indebted to Doctor Davies for his interest in assembling the reading material in such a way that it is more readily available for use. Nine more volumes of valuable magazines have been bound and placed on file. Subscriptions to eight of the leading medical journals were renewed. Seven new textbooks were added to the Library.

REPORT OF THE CHIEF SURGEON

RADIUM

Since radium was made available in 1919, 3,687 cases have been treated. As the number of cases needing radium has increased we have been handicapped at times in not having enough to prevent delay in treating patients as they were admitted. We need another one hundred milligrams of radium to meet the demand.

The Surgical Staff is proud of the fact that the Woman's Hospital was selected as one of two American institutions which were invited to publish their results of treatment of gynecological cancer in the 1938 League of Nations Report. This report shows that of the patients who came under treatment early, 56.2% were saved.

The following is a summary of activities in the various departments during the year ending December 31, 1938:

GYNECOLOGICAL DEPARTMENT

	<i>Total</i>	<i>Mortality Rate Per Cent</i>
Number of patients discharged	5,231	1.15
Number of ward patients discharged	2,797	1.14
Number of gynecological operations	1,612	1.61
Number of gynecological operations on ward patients	911	1.87

OBSTETRICAL DEPARTMENT

	<i>Number</i>	<i>Maternal Mortality Per Cent</i>
Total patients discharged	1,812	0.11
Ward patients discharged	955	0.21
Total patients delivered, viable births	1,626	0.12
Ward patients delivered, viable births	846	0.24

	<i>Number</i>	<i>Fetal Mortality Per Cent</i>
Total viable babies delivered	1,630	1.66
Ward viable babies delivered	841	1.43

In 1938, the maternal mortality rate for all patients delivered was 1.2 per 1,000 live births.

OUT-PATIENT DEPARTMENT

Work in the gynecological, obstetrical and special clinics, for the year, may be summarized as follows:

	<i>1938</i>	<i>1937</i>
Number of patients treated	38,012	36,342
Number of visits	43,694	42,080

During a part of every year the Chiefs of Out-Patient Department Clinics are assigned to indoor duty on the regular gynecological and obstetrical services.

In November the clinical records for Out-Patient Department patients were completely revised. New record forms were instituted and new filing cabinets were installed. Data recorded on these new records is

REPORT OF THE CHIEF SURGEON

being cross-indexed by the Record Department. These changes have completed the Hospital Unit Record System and are making a tremendous mass of clinical material available for research.

PATHOLOGICAL DEPARTMENT

Until Doctor Grete Stohr was able to resume her duties in September, the work of this department was efficiently carried on under the direction of Doctor Leon Motyloff, our Associate Pathologist and the regular staff of technicians. During Doctor Stohr's absence, an assistant pathologist was employed. During 1938, 40,167 clinical pathological examinations were made. The number of autopsies performed is as follows: Adults 14, stillborn babies 26, babies who died after birth 27.

Doctors Stohr and Motyloff give regular instruction to our Residents in gross pathology and laboratory methods. At regular scheduled hours Doctor Motyloff instructs the Resident Staff in microscopical pathology.

PEDIATRIC DEPARTMENT

From the time that the Obstetrical Department was opened until 1932 when it was reorganized, our Pediatricians acted in the capacity of consultants. They were called to see only sick babies and those who presented problems as to feeding. Since 1932 the Pediatricians have served as Attendings. They have made daily rounds in our ward nurseries and have supervised the care and feeding of all the newborn babies. They have also conducted a follow-up Pediatric Clinic for the babies who have been discharged from the Hospital. In accordance with the changes outlined above, three of our special consultants in Pediatrics have been placed on the regular Attending Staff. In order to meet the demands, another Pediatrician, Doctor Frederick H. Wilke, has been appointed to assist with the work in this department. Doctors Harold R. Mixsell and John F. Landon have been made Pediatricians and Doctors John W. Hammond, Jr. and Frederick H. Wilke, Assistant Pediatricians. Doctor Walter Lester Carr, who has been in charge of the Pediatric Department for many years, will continue as a Consultant in Pediatrics.

During 1938, 743 new babies were cared for in our Pediatric follow-up clinic. The total number of visits was 1,129.

RECORD DEPARTMENT

The high standard of efficiency which has been established in this Department has been maintained. In 1938, 59,355 clinical charts and abstracts on file, were consulted for data regarding patients under treatment, or for use in making research studies. Data on all case histories for the year has been cross-indexed and the charts have been approved and filed. As has been the custom for the past thirteen years, the end results of treatment of all patients have been audited by Merwin-Davis, statisticians. They have submitted a detailed analysis of the results of treatment obtained by individual members of the Staff as well as a summary of results achieved by the entire Staff.

REPORT OF THE CHIEF SURGEON

On December 1st, Miss Ellen G. Cardwell reported for duty as our Record Librarian to fill the position left vacant by Miss Evelyn Vredenburg's resignation. Miss Vredenburg had served in this capacity for the past eleven years. Miss Cardwell is President of the Greater New York Record Librarians' Association.

ANESTHESIA DEPARTMENT

During 1938, the nurse and visiting anesthetists administered 3,330 anesthetics to our obstetrical and gynecological patients. Through the generosity of the Board of Governors, five Gwathney anesthesia machines were replaced by modern equipment. By use of this new apparatus it is possible to effect a tremendous saving in the amount and cost of anesthetic agents needed. For this reason it seems certain that the new machines will soon pay for themselves.

NURSING DEPARTMENT

Through the continued coöperation of the Directress of Nurses and her Staff, our patients have been well cared for. As a part of the course of instruction for postgraduate student nurses, members of the Surgical Staff have given 37 lectures on selected subjects.

SOCIAL SERVICE DEPARTMENT

Social service work is essential for good results in any well organized modern hospital. We are indebted to the Director of the Social Service Department and her Assistants for their untiring efforts in maintaining an excellent record of attendance in our gynecological and obstetrical follow-up clinics. With the help of this Department, family social problems are adjusted making it possible for many patients to be admitted for gynecologic or obstetric care.

SPECIAL CLINICS DEPARTMENT

Through the personnel in charge of our Special Clinics, expert advice as to diagnosis and treatment is made readily available to many Out-Patient Department and ward patients.

UROLOGICAL CLINIC

The Urologist and his Assistants conduct three Urological Clinics per week. At these clinics Doctors Hoch and Murphy, Assistant Urologists, give regular instruction in Urology to members of our Resident Staff.

GASTROENTEROLOGICAL CLINIC

Our Gastroenterologist conducts two clinics per week to which any of our patients suffering from gastro-intestinal conditions or complications may be referred for diagnosis and advice as to treatment.

REPORT OF THE CHIEF SURGEON

ORTHOPEDIC CLINIC

A considerable number of gynecological and obstetrical patients have orthopedic conditions which cause suffering and often complicate diagnosis. An Orthopedic Clinic is held once per week for the benefit of patients needing such care. The services of two masseuses are available to assist with the work in this Clinic.

ENDOCRINE CLINIC

With continued progress in scientific research in the field of Endocrinology, the work of this Clinic is becoming increasingly important in the treatment of many gynecological patients. We are indebted to the G. W. Carnrick Company for its contribution of endocrine products which has greatly assisted in carrying on this work. Endocrine products are necessarily expensive and the financial problem involved in providing an adequate supply of such preparations for our Clinic patients, is a serious one.

Summary of work in the above Special Clinics is as follows :

	<i>New Cases</i>		<i>Total Visits</i>	
	<i>1938</i>	<i>1937</i>	<i>1938</i>	<i>1937</i>
Urology	205	208	1,711	1,769
Gastroenterology	61	79	482	530
Orthopedics	59	68	498	500
Endocrinology	86	83	1,277	1,139

ROENTGENOLOGIC CLINIC

The work of this Department is most important as an aid to diagnosis in both obstetrics and gynecology. The demand for radiation therapy for both benign and malignant gynecological conditions has steadily increased. In March the high voltage x-ray apparatus which has been in use for eight years was replaced by new, modern equipment.

A summary of the year's work is as follows:

	<i>Number</i>	
	<i>1938</i>	<i>1937</i>
Patients referred for diagnosis	1,221	1,018
Patients referred for roentgen therapy	160	115
Patients treated for malignant disease	77	56
High voltage treatments	1,664	1,169
Medium and superficial treatments	303	159
Total number of treatments given	1,967	1,328
Total number of patients examined or treated	1,381	1,131

CHANGES IN THE SURGICAL STAFF

The following changes in the Surgical Staff have taken place during the year :

George Gray Ward, M.D., Chief Surgeon, resigned.

Robert L. Craig, M.D., Adjunct Assistant Surgeon, resigned.

REPORT OF THE CHIEF SURGEON

Appointments:

George Gray Ward, M.D., Chief Surgeon Emeritus and Consulting Surgeon.

Albert H. Aldridge, M.D., Chief Surgeon.

William T. Kennedy, M.D., Attending Surgeon.

James P. Marr, M.D., Junior Attending Surgeon.

Dudleigh C. Stone, M.D., Adjunct Assistant Surgeon.

William Crawford White, M.D., Consulting Surgeon.

Henry Templeton Smith, M.D., Special Consultant in Ophthalmology.

Milton Robinson, M.D., Clinical Assistant.

Harold Gibb, M.D., Clinical Assistant.

Upon the satisfactory completion of their services, the following members of the Resident Staff were granted diplomas: Albertus Bryant, M.D., Harold Gibb, M.D., E. Leslie Gaylor, M.D., Olaf Severud, M.D.

RESEARCH AND SCIENTIFIC CONTRIBUTIONS

Dr. Ward:

Cancer of the Female Genitalia. Address at the Monmouth Memorial Hospital, Long Branch, New Jersey.

Anemia in Relation to Genital Cancer. Address before the New York Academy of Medicine Graduate Fortnight.

Demonstration of Results of Cancer of the Uterus. Address before the American College of Surgeons.

Results of Radiation Therapy for Carcinoma of the Uterus at the Woman's Hospital. Published in the *Journal of the American Medical Association*, January, 1938.

Complete Laceration of the Perineum and Rectovaginal Fistula. Discussion at the meeting of the American Gynecological Society.

Series of Lectures on Gynecology and Obstetrics given to Resident Staff, Woman's Hospital.

Dr. Hurd:

Some Observations on Endometriosis. (To be published.)

Dr. Barrett:

An analysis of Caesarean Section. (Published in the *Journal of Obstetrics and Gynecology*.)

Dr. Murphy:

Urologic Complications Following Complete and Supravaginal Hysterectomy. (Published in the *American Journal of Obstetrics and Gynecology*.)

Dr. Sackett:

Results of Radiation Therapy for Carcinoma of the Uterus. (With Doctor Ward.) Published in the *Journal of the American Medical Association*.

REPORT OF THE CHIEF SURGEON

Gynecological Complications in Advanced Pulmonary Tuberculosis.
(Clinical Congress of American College of Surgeons.)

Radiation Dosage in Cancer of the Uterus; Complete Hysterectomy.
(Discussion, Clinical Congress of American College of Surgeons.)

Discussion at the Section of Obstetrics and Gynecology of the New York Academy of Medicine on paper by Robert L. Brown, M.D., Memorial Hospital: Experiences with Radium Therapy Alone in Cancer of the Corpus Uteri.

Article for American Society Control of Cancer on Cancer Uterus.

Preparation of Woman's Hospital page in Cancer Exhibit at New York World's Fair.

Discussion of paper by William P. Healy, M.D., at the New York Obstetrical Society on Cancer of the Corpus Uteri.

Dr. McIntosh:

Palliation of Cancer in Gynecology. (Published in *Medical Woman's Journal*, October, 1938.)

Editor of "Section on Radiation," *Medical Woman's Journal*.

Discussion of paper "Dosage Specifications in X-ray Therapy" by E. H. Quimby, M.D., at the State Medical Society meeting, May, 1938.

Dr. Motyloff:

Squamous cell heteroplasia of the endometrium.

Histological grouping of endometrial biopsies in child-bearing age, from the therapeutic standpoint.

Clinical Value of Endometrial Biopsy. (With Dr. Mishell). Presented before the Essex County Pathological and Anatomical Society, and Monmouth County Medical Society.

Erythroblastosis of the Newborn. Review of the Material of the Woman's Hospital (with Dr. John W. Hammond, Jr.).

The effect of complete hysterectomy upon the ovary (experimental study). (With Dr. Mishell.)

Dr. Aldridge:

End Results in 400 Cases of Placenta Previa (with Dr. Thomas J. Parks). *American Journal of Obstetrics and Gynecology*, November, 1938. Read before the American Gynecological Society and the New York Hospital Graduate Club.

Vesicovaginal Fistula Following Complete Hysterectomy. Report of cases and demonstration of technique used for their repair. Read before the New York Obstetrical Society. (To be published in the *American Journal of Obstetrics and Gynecology*, May, 1939.)

Your Baby and How to Prepare for Him. (Published by the McCall Corporation.)

Treatment of Anemia as Prophylaxis against Gynecological and Obstetrical Complications. Presented at Clinic of Graduate Fortnight of the New York Academy of Medicine.

Report of a case of Chorionepithelioma. Presented at American College of Surgeons Clinic.

REPORT OF THE CHIEF SURGEON

NEEDS OF THE SURGICAL DEPARTMENT

In order that patients may receive proper care, our equipment and facilities must be constantly improved and made to conform to accepted, modern standards.

Another one hundred milligrams of radium is needed to meet the demand for cases requiring such treatment. The cost of this additional amount is approximately \$3,000.00.

Every modern, well-equipped, gynecologic or obstetric hospital service must provide facilities for blood transfusion. In no other class of hospital patients, is this form of treatment needed more frequently or more urgently. For safety, many patients must be transfused before operation or before delivery. Immediate blood transfusion is frequently a life-saving measure in the treatment of hemorrhage and surgical shock. The friends and relatives of ward patients will usually consent to act as blood donors. Occasionally a professional donor must be used at a cost of about \$50.00. In the Guggenheim Transfusion fund we have at present \$2,015.02. We earnestly request donations to this fund in order that professional donors may be had for patients who have no other means of obtaining them.

The J. Marion Sims Research Fund amounts to \$2,499.07, and in the J. Riddle Goffe Research Fund we have \$5,878.91. The J. Riddle Goffe Book Fund used to defray the expense for new textbooks and subscriptions to medical journals amounts to \$5,315.99.

The Maud Aguilar Leland Fund for blood transfusions, or scientific research, amounts to \$2,731.75.

Closed cabinets are needed in the Pathological Museum to protect our collection of valuable pathological specimens.

A constant temperature water bath is needed in the Pathological Laboratory for serological work.

An upright Bucky diaphragm is needed in the X-ray Department.

Facilities offered by the Associated Hospital Service have increased the demand for semi-private gynecological beds. Suitable provisions must be made to accomodate the increasing number of these patients who apply for admission to the Hospital.

I take this opportunity to convey to the Board of Governors the sincere gratitude of the Surgical Staff for its generous response in helping us to maintain a high standard of efficiency in the care of our patients.

We also wish to express our appreciation to the Superintendent and his Staff, and the Nursing Department for their assistance and coöperation.

At the end of my first year as Chief Surgeon, it gives me real pleasure and satisfaction to acknowledge the splendid support which I received from every member of the Surgical Staff. I am especially grateful to members of the Surgical Board for their generous and kind coöperation.

I submit herewith the report of the Follow-Up Clinics for 1938.

Respectfully submitted,

ALBERT H. ALDRIDGE,
Chief Surgeon.

REPORT OF THE CHIEF SURGEON

REPORT OF THE FOLLOW-UP

JANUARY 1, 1938 TO JANUARY 1, 1939

GYNECOLOGY

During the year 2,119 patients have been under observation in the Follow-Up Clinics. The total number of visits to these clinics was 3,692. The response of patients to requests that they return for examination and advice after hospitalization for treatments or operations is as follows:

Satisfactory	81.26%
Partially satisfactory	12.36%
Failed to return	6.28%

On the basis of physical findings and success in relieving preoperative symptoms, the cases examined were classified as follows:

Satisfactory	72.53%
Partially satisfactory	6.54%
Failures	1.31%
Undetermined	8.44%
Unfinished	1.67%
No operation	9.51%

Five hundred and eighty-five patients were permanently discharged out of the Follow-Up Clinic and classified as follows:

Satisfactory	565
Partially satisfactory	16
Failures	4

Attendance at the Follow-Up Clinics has been well maintained by the work of the Social Service Department. In order to encourage delinquent patients to come for examination 667 home visits were made and 456 letters were sent out.

OBSTETRICS

Obstetrical patients return for follow-up examinations six weeks after delivery and as frequently and as long thereafter as seems necessary. In 1938, 873 patients made 1,228 visits to the Obsterical Follow-Up Clinic. Eight hundred and thirteen of these patients were permanently discharged with the following classification:

	<i>Number</i>	<i>Percent</i>
Satisfactory	562	69.13
Unsatisfactory	59	7.26
Unchanged	192	23.61

Of the patients delivered in 1938, 84 failed to return for examination, and 52 returned for one or more examinations but failed to report for final discharge.

The Social Service Department made 614 home visits and sent 214 letters to delinquent follow-up obstetrical patients.

REPORT OF THE PERSONNEL PHYSICIAN

TO THE SUPERINTENDENT:

Sir:

As Personnel Physician, I have the pleasure to submit the Annual Report for the year 1938.

During the past year 1,317 visits or treatments were made. Two hundred and eighty persons reported an illness of some nature. This was a decrease of one hundred and fifty-five under the previous year. Eighty-three individuals reported to have injured themselves while on duty. Of this number twenty-one cases were reported to the State Insurance Commission. One hundred and fifteen complete physical examinations were done on the new employees of all the Hospital departments, and the Student Nurses admitted to the Post Graduate School. As in previous years the Wassermann test was performed on the employees whose work involved them in the handling of food.

The general health of the Hospital Personnel was quite satisfactory. There was a marked decrease in the Hospital bed days—only 257 compared with 665 days for 1937 and 860 for 1936. The number of injuries while on duty has definitely increased but most of them were very minor in character.

As in previous years the commonest ailment noted was the upper respiratory infection. Next in frequency came the gastro-intestinal upset. An earnest effort was made to immediately isolate any individual who had an infectious or even suspicious disease. There was no serious spread of an infection or epidemic in the Hospital.

I would like to take this opportunity to express my sincere appreciation for the coöperation of the Nursing Office and the various departments of the Hospital with which I come in contact.

The following is a summary of the year's work:

Individuals Examined	478
Health Examinations	115
Individuals Ill	280
Injured Cases	83
Visits	1,317
Patients referred into Hospital	57
Hospital Bed Days	257
Vaccine Inoculations	1
Operations	9
Surgical Dressings	106
Days Off Duty	1,778
Patients Referred to Other Clinics	20
Consultations	26
X-Ray Diagnosis	165
Blood Counts	95
Urine Examinations	125
Cultures Examined	45
Smears Examined	15
Basal Metabolism Determinations	13

Respectfully submitted,

DUDLEIGH C. STONE, M.D.,
Personnel Physician.

REPORT OF THE NURSING DEPARTMENT

TO THE BOARD OF GOVERNORS:

Ladies and Gentlemen:

I beg to submit the Annual Report of the Nursing Department for the year ending December 31, 1938.

The Nursing Staff as of December 31, 1938, is as follows:

Director of Nurses	1	Supervisors of Wards and Private	
Assistant Director of Nurses	1	Floors	6
Educational Director	1	Head Nurses	17
Ward Instructor	1	Senior Staff Nurses	4
Operating Room Supervisor	1	Suture Nurses	4
Assistant Operating Room Super-		Registrar	1
visor	1	Daily average General Staff (net)	79
Night Supervisor	1	Daily average Students (net) ...	15⅔
Assistant Night Supervisor	1	Daily average Nurses Helpers	
Supervisor of O. P. D.	1	(net)	16½
Assistant Supervisor of O. P. D. ..	1		

Number of Students in School December 31, 1938	13		
<i>Students Accepted 1938</i>	<i>January</i>	<i>May</i>	<i>September</i>
Eight Months' Course	5	4	7
Four Months' Obstetrical Course	3	1	6
Four Months' Operating Room Course	3	2	2
	11	7	15
		1938	1937
Total number of Postgraduate Students admitted ...		33	44
Total number of Postgraduate Students graduated .		30	37
Total number of Postgraduate Students dropped out			
(Illness)		1	1
(Returned in September Class)			
Total number of Postgraduate Students resigned ..		1	4
Total number of requests for Postgraduate Informa-			
tion		655	471

STUDENT NURSES

Students admitted this past year again have come from many States and Canada, one from Puerto Rico, also many have accepted positions on completion of the course. Eight have remained on our nursing staff.

Scholarships were awarded to two nurses this past year. One, a recent graduate who is Assistant to the Educational Director, and one who finished in 1937 and returned to our staff as Assistant Night Supervisor. While our student group has decreased somewhat this past year, their interest in the course has been very pronounced and gratifying; for the most part a very well qualified group for Postgraduate study. We sincerely hope to interest more students this coming year.

Illness among the students in 1938 was 103 days compared to 111 in 1937. Our monthly report shows a total of 1,457 days illness which

REPORT OF THE NURSING DEPARTMENT

again averages about 4 per day. This total shows a decrease of 7 days to 1937.

STAFF NURSES

We have had no difficulty this past year in securing General Staff Nurses but we found many very restless and making frequent changes. Many resigned to go where no night duty would be required. A great many gave as their reason, too long hours, and work too hard. We are still making concessions for many on our staff to do outside class work.

STAFF EDUCATION

Besides our regular monthly Staff Education meeting we have had an additional lecture, film or demonstration each month. The speakers and films selected have been of great interest and professional stimulation to all attending.

We are glad to report an increasing attendance by the General Staff Nurses at the weekly lectures given in the Postgraduate course. More nurses are making use of the classroom books and magazines.

During the next year we are planning to have separate groups work on one project to present as part of an intensive "refresher" program designed to keep the General Staff Nurse interested and happy in her work.

REGISTRY REPORT

	1938	1937
Total number of days and nights of 12-hour Special Nursing	5,294	6,238
Total number of days and nights of 8-hour Special Nursing	1,911	2,335
Total number of extra periods from 12 midnight to 8 a. m.	447	509
Total number of calls for 12-hour nurses	491	546
Total number of calls for 8-hour nurses	422	251

Of the 422 8-hour calls, 102 were for one-day circumcisions.

SOCIAL ACTIVITIES

Mrs. Carnegie's box for Peoples Chorus, Christmas Festival and Spring Festival gave an entirely new group a great deal of pleasure this year. We also had a great many courtesy tickets from the N. B. C. Artists Service, for which we are very grateful. Through the courtesy of Mr. Robinson, a box for the series of concerts given by the National Orchestral Association was presented to our nurses. It was appreciated very much.

The outstanding feature during the winter is the monthly tea which is given by the Assistant Board, at which two of the members act as hostesses each month. Needless to say the Nursing and Administrative Personnel enjoy and look forward to them.

CONVENTIONS

The National League Convention was held in Kansas City in April, 1938. Miss Rafuse represented us and brought back a very excellent report. In 1939 the convention is to be held in New Orleans and will

REPORT OF THE NURSING DEPARTMENT

be very important to us as the program calls for discussion on Post-graduate Education. If at all possible, two of us would like to attend. Special rates have been planned which does not make the expense too great, considering the distance.

Our appreciation is most sincere for the coöperation of the Board of Governors, Assistant Board, Committee on Nurses, the Superintendent of the Hospital, Chief Surgeon and his Staff.

In behalf of all the nurses I extend to Dr. Dudleigh Stone our thanks for his faithful care of the nursing staff this past year.

I wish to express my sincere appreciation for the loyal coöperation given by the entire nursing staff.

Respectfully submitted,

JOSEPHINE H. COMBS, R.N.,
Director of Nurses.

REPORT OF THE EDUCATIONAL DIRECTOR

TO THE DIRECTRESS OF NURSES:

Madam:

During the year which has just passed, the program of educational work has been carried along on much the same fundamental lines as were proposed and initiated last year. The usual number of classes and lectures has been given and special work and conferences have been used freely wherever the need arose.

A program of free and independent study, based on interest and centering around an outline or syllabus has proved very satisfactory. Such a program has required definite effort to arouse interest and constant encouragement and checking of progress but the results have been well worth the effort.

This plan of study has been aided by two factors—added books and reference materials and the part-time service of one of our own graduates, Miss Grace Crosson, who was appointed in May and has since divided her time more or less equally among the wards, the classroom and the nursing office. Her efforts have made possible a closer tie-up with classroom procedures and activities for the staff nurses on duty in the house as well as for the postgraduate students. This closer relationship has tended to stimulate interest in the educational program of the school as is shown by larger voluntary attendance at the evening lectures given by doctors on staff and resident service. Her services have also made possible more attention to the multiplicity of detail in the classroom and so have operated to make a more smoothly running program.

The lecture schedule has been expanded and reorganized to cover a period of eight months, the time spent in the school by the students of the combined course in Gynecology and Obstetrics. It includes thirty-two lectures and two question periods. In these question periods, the nurses ask the presiding doctors about problems which have arisen during their time on the services and which have not been completely clarified in the class discussions or by their reading.

Further interest has been stimulated by the privilege the students have had of attending the monthly talks given for the staff nurses as a part of the Staff Education program. Attendance at these lectures has included a representation from all hospital services and has increased until it threatens to outgrow the classroom space and facilities.

Illustrative material for all lectures has been made possible by the donation of the lantern previously used in the doctors' conferences, a great addition to the classroom equipment.

Lamps suspended over the reading tables were installed last summer and have been a great convenience for studying, reducing both eyestrain and the amount of electricity used on dark days and in the evening.

REPORT OF THE EDUCATIONAL DIRECTOR

Through the courtesy of Dr. Aldridge, the nurses have received and accepted invitations to staff conferences of special interest, to the show clinic conducted in the operating room and to meetings of the medical groups at the Academy of Medicine. The usual number have visited clinics and other places of interest. They have gone in small groups. The time and facilities have been arranged through the classroom.

In the spring, a series of six talks on Social Hygiene, presented by speakers selected by the Committee on Social Hygiene of the New York Tuberculosis and Health Association filled the classroom to capacity and aroused an interest and enthusiasm which persists in those who are still with us and, we hope, in those who have gone elsewhere.

The elective classes in Unit Administration and Principles of Teaching have almost outgrown the word "elective" since only two students of those who were eligible have not attended both groups and those two took one of the courses. There is no thought that these short courses can in any way be adequate to the subjects. They are used chiefly to raise questions and to discuss problems which are sure to come to the young administrator or teacher and to bring out principles which may be useful in such situations, using concrete instances to illustrate the applications. There has been a recurrent demand for a short course in Mental Hygiene conducted along the same lines. This project, however, remains nebulous.

Two scholarships were awarded last year. One went to Mrs. Lilian Canoy who finished her course in May, 1937, worked for a year in the south and came back here as assistant night supervisor, thus using a staff appointment. The other was given to Miss Grace Crosson, a graduate of the May, 1938, group who has remained as assistant instructor in the classroom, teaching supervisor on the services and occasional relief in the nursing office. The excellent work done by these young women goes far toward proving the value of the scholarships, if proof be needed.

Recreation has not been neglected in our program. Concerts, theatres, radio broadcasts and lectures have sent us tickets or passes. Only a very occasional one went unused and then because of some emergency. The library of recreational reading was begun in the fall and has proved a source of much pleasure. This library was built around a nucleus of my books and has been supplemented from time to time by members of the hospital community who have become interested. The nurses have coöperated fully in keeping the few regulations imposed and speak frequently of the pleasure it has given.

The big social event of the year was the Christmas party, a dance arranged and managed by the student group and financed by the hospital. There was a large attendance of medical, nursing and hospital staff members. All agreed that it was a most successful affair.

Through the kindness of the Board of Governors, I was able to attend the convention of the National League of Nursing Education in St. Louis in the spring and that of the New York State League of Nursing

REPORT OF THE EDUCATIONAL DIRECTOR

Education in Albany in October. Both were especially worthwhile because Postgraduate Education is occupying a prominent place in the thoughts of nursing groups at this time. *We* are peculiarly concerned since the emphasis shifting from the highly theoretical course such as is presented in colleges and classroom to the more practical one such as is given at the Woman's Hospital in which theory on a graduate level is combined with actual training and education in up-to-date and effective nursing procedures.

All in all, it has been a year of progress. We have not come as far as our ambitions led us to hope but we have moved a little nearer our goal—to make the Woman's Hospital the home of the best postgraduate school of nursing in the United States.

Respectfully submitted,

ELLA M. RAFUSE, R. N.,
Educational Director.

REPORT OF THE SOCIAL SERVICE DEPARTMENT

TO THE BOARD OF GOVERNORS:

Ladies and Gentlemen:

I hereby submit the following report of the Social Service Department for the year ending December 31, 1938:

The value of medical social work has been gaining an ever-growing recognition. In 1928, that being a year of prosperity, demands were not so heavy and problems were more easily adjusted. However, with the advent of the depression the following year, the demands made upon us increased tenfold and the Social Service Department was required to make many adjustments which did not come under the heading of its own work. There was not sufficient private relief to meet the sudden drainage, and public relief had not yet been organized. Therefore the Social Service Department was obliged to step in and assist materially as well as in a supervisory capacity. At a later date, when conditions seemed to be improving, there was a recession which caused almost a repetition of the picture of earlier years, and again the medical social worker was called upon to assist to the best of her ability in the lessening of economic demands.

It has been suggested that I give a short résumé of some of the cases which have come to our notice during the past ten years. Our first contact with Mrs. C. was established that many years ago. She applied for medical care as she was expecting a child, and gave a history of having eight other children. Her husband suffered from a tubercular kidney and could not give his family adequate support. Mrs. C. was well taken care of at that time, and we were able to continue to look after her and guide her in her home life. Her children were sent to summer fresh-air camps for several successive years, and the older ones have now reached the point where they are able to assist in the support of the family, and require only friendly supervision.

Another outstanding case during the last decade was that of Miss M., an obstetrical emergency case. Through the assistance of a friendly priest we were able to make special arrangements for her marriage, and also for the christening of her baby, at which one of the social workers was godmother. The patient, now Mrs. B., was recently in our hospital for the birth of her second child, and apparently this marriage has turned out to be a very happy and successful one.

An interesting case is that of Mrs. L., who first came to us many years ago with a gynecological complaint and was found to be on the borderline of tuberculosis as well. We referred her and her children to a chest clinic, and she remained under supervision for both these conditions for several years. At the present time the patient's physical complaints have cleared up, but unfortunately she still has a burden to bear as it was recently discovered that her husband is suffering from cancer. Any assistance to this woman which can be offered by the

REPORT OF THE SOCIAL SERVICE DEPARTMENT

Social Service Department will be continued as long as it is possible to do so.

There have been five outstanding unmarried mothers who appealed to us for assistance, which was freely given. I am happy to say that all five are worthwhile citizens who have repaid us for all the time and energy expended on their behalf.

Through a private fund the Social Service Department has been able to keep three carcinoma patients free from the worry of undernourishment, which their circumstances would ordinarily create.

The foregoing résumé has not given a complete picture of the amount of work done on these different cases, but limited space prevents a more thorough report. Of the ones I have mentioned, some are still under our follow-up care and the others continue to return for friendly guidance.

Six years ago the procedure of interviewing all patients referred into the wards from the clinic was instituted by the Social Service Department. This method has been successful, not only in the mutual interpretation of the hospital and the patient, but in engendering a more friendly and coöperative spirit on all sides.

During the past year there were 1,129 visits made to the Monday morning baby clinics by babies born in this hospital. The mothers showed keen interest in the advice given by our excellent pediatrician and his assistants.

The prenatal lectures given by the Social Service Department have continued to prove their worth in health education, judging from the results. The Director of Social Service talks to our prospective mothers on diet, exercise, elimination, and the proper outfitting of babies (the latter lecture being given in conjunction with the nurse in charge of the ward nursery). When visiting the homes of these patients, the obstetrical worker emphasizes and further instructs them along these lines.

The surgical follow-up worker continues to have marked success in her returns on follow-up visits. Her efforts in the cancer work are undiminished and have brought excellent results.

During the past year we have continued our contact with postgraduate student nurses of the hospital. The Social Service Director gives an hour's talk on the principles of social service and the practical case work arising on the wards. The students have their field work with the surgical and obstetrical workers. During their out-patient clinic training, they are instructed in the methods used in the services rendered by the Social Service Department for the out-patients.

We have had hearty coöperation in the adjustment of our problems from the many organizations in the city, and we are greatly appreciative of the assistance given by these agencies.

FRESH AIR WORK

The *Herald Tribune* Fresh Air Fund has again demonstrated its excellent coöperation and assistance by not only taking care of an entire family at one time in order to relieve a sick mother's anxiety, but also

REPORT OF THE SOCIAL SERVICE DEPARTMENT

supplying clothing to these children. This of course was in addition to the regular quota of children sent by them for extensive vacations. The assistance which Life Fresh Air Camps have given to two boys and a girl from one of our large families has certainly produced a result beyond expectation. We offer our sincere thanks to both these organizations for their continued generosity and coöperation.

CHRISTMAS ACTIVITIES

The success of our Christmas party could not be doubted, judging from the expressions of all those who witnessed the performance of magical feats and the Punch and Judy show which started the festivities. This was followed by the arrival of Santa Claus, ably impersonated by one of our surgeons, who distributed well-filled stockings containing food, clothing, toys and shoes to the 88 children and 41 adults who were present.

PERSONNEL

At the present time our department consists of three salaried full-time workers, a secretary and one salaried substitute.

The Director supervises the handling of all problem cases, in addition to her executive duties, and gives the prenatal lectures.

The Surgical Follow-Up Worker instructs every postoperative case regarding clinic attendance, brings back delinquent patients to the follow-up clinics, and superintends the cancer work.

The Prenatal-Postnatal Worker has charge of every prospective mother from the time of her admission to the prenatal clinic until her discharge from the postnatal clinic.

The Secretary keeps the records of all social service cases, and attends to the clerical duties of the office.

The Substitute Worker relieves during the summer months, being required to do the work of those on vacation.

The following is the statistical report of the year:

SOCIAL SERVICE GENERAL

New cases	1,006
Reopened cases	389
Cases carried over	471
Ward visits	3,099
Home visits	689
Clinic visits	11,396
Office visits	4,010
Reports to agencies	440
Referred for convalescent care	38
Referred to nurseries	202
Referred to other clinics	836
Referred for surgical supplies	187
Referred to private doctors	48
Magazines and books distributed in wards	535
Registered with Social Service Exchange	207

REPORT OF THE SOCIAL SERVICE DEPARTMENT

FOLLOW-UP

(Gynecological)

Referred to clinic from wards	973
Referred for follow-up and report	1,214
Home visits	722
Returned to clinic through Social Service	1,202
Clinic sessions attended by worker	152
Referred to permanent homes	9

(Obstetrical)

Referred to clinic from wards	1,056
Referred for follow-up and report	310
Home visits	705
Returned to clinic through Social Service	1,144
Clinics sessions attended by worker	94

TOTAL CASE REPORT

Total number of social service cases	1,389
Total number of prenatal cases	724
Total number of postnatal follow-up cases	310
Total number of gynecological follow-up cases	1,214

Grand Total	3,637
-------------------	-------

Total number of ward visits	15,174
Total number of clinic visits	16,062
Total number of home visits	2,116
Total number of office visits	4,010

Grand Total	37,362
-------------------	--------

Total number of cases referred for follow-up	1,524
Total number of cases returned to clinic through Social Service	2,346
Total number of cases referred from ward to follow-up clinics	2,029

We are indeed indebted to the above for their generous contributions during the year of money, clothing, toys, reading material, et cetera. These have aided us in our work and have given great pleasure to the recipients.

The Social Service Department wishes to express its grateful thanks for the ever ready and hearty support given by the Committee on Social Service, the Superintendent, the Chief Surgeon and the Directress of Nurses.

We appreciate to the fullest extent the excellent coöperation of our doctors and nurses, and wish to thank the latter for their activities which helped to make our Christmas party such a success.

We acknowledge the loyal coöperation of each department of the hospital in rendering assistance at all times.

My whole-hearted personal thanks is extended to my co-workers for their staunch support and efficient execution of their duties.

Respectfully submitted,

MAE R. BATES, R. N.,
Director of Social Service.

ACT OF INCORPORATION

SEC. 1. Peter Cooper, Benjamin F. Butler, George F. Trimble, Robert B. Minturn and their associates, as hereinafter provided for, shall constitute a body corporate, with power to establish, maintain, and conduct a hospital in the City of New York for the treatment of the diseases peculiar to women, and for the maintenance of a Lying-in Hospital, which shall be known and designated as the Woman's Hospital in the State of New York.

The following section is part of the Amending Act of April 18, 1888, prior to which date there was a Board of Governors and a Board of Supervisors.

SEC. 2. The property and concerns of said corporation shall be managed by a Board of Governors which shall consist of all the members of the present Board of Governors and so many of the present Board of Supervisors as will with the present female members of the Board of Governors make thirteen female members. No male Governor other than those who now hold office shall be elected, until the number of male Governors shall be reduced to less than fourteen. From that time the number of Governors shall be twenty-seven, of which fourteen shall be male and thirteen female. The members of the Board of Supervisors to be added to the present members of the Board of Governors, so as to make the number thirteen, shall be nominated to the Board of Governors by the members of the present Board of Supervisors. The said corporation may hold any lands or property which shall be conveyed to it, and may let, lease, mortgage, or sell the same for the purposes in the said Act provided.

SEC. 3. Benjamin F. Butler, George F. Trimble, Theodore Sedgwick, Robert B. Minturn, E. D. Morgan, William F. Mott, Joseph B. Collins, A. R. Wetmore, Alexander E. Hosack, Thomas B. Stillman, Benjamin R. Winthrop, Stewart Brown, William Birdsall, Peter Cooper, E. C. Benedict, H. J. Raymond, J. D. Wolfe, R. L. Kennedy, John Jacob Astor, H. M. Schieffelin, Mark Spencer, George W. Bradford, John W. Francis, Cyrus Curtiss, Joseph Samson and John C. Green shall constitute the Board of Governors.

SEC. 4. The Governor of the State, the Mayor of the City of New York, the President of the State Medical Society, the President of the New York Academy of Medicine, and the presidents of the following Medical Colleges—viz., the College of Physicians and Surgeons of the City of New York, the Medical Department of the University of New York, the New York Medical College, the Medical Department of the University of Buffalo—shall, by virtue of their respective offices, be honorary members of the Board of Governors. Notice of meetings of the Board of Governors shall not be required to be given to them, and they shall not be entitled to vote.

SEC. 5. The Governors shall be divided into three classes as nearly as may be. Each class shall hold office for three years.

ACT OF INCORPORATION

SEC. 6. The Board of Governors shall have power to fill all vacancies that may occur in said Board; to enact By-Laws; to organize a Medical Board for said Hospital; and to appoint all other assistants, agents, and servants as may be proper to carry out the purposes of said corporation.

SEC. 7. Not less than eleven Governors shall constitute a quorum for the purposes of electing officers, making By-Laws, or for holding any special meeting; but for all other purposes, and at stated meetings, seven shall be a quorum.

SEC. 8. All the Professors and matriculated students of any regular medical college in the State, and all other members of the medical profession, and students of medicine may be admitted to the privilege of visiting said Hospital, under such equal regulations as may be prescribed by the Board of Governors.

SEC. 9. No person holding an appointment under the Board of Governors (unless it be honorary) shall be a member of that body. But the members of the Medical Board shall have the privilege of attending the meetings of the Board and of taking part in the debates.

SEC. 10. There may be an Assistant Board, composed of twenty-five ladies, to be appointed from time to time by the Board of Governors in accordance with its By-Laws, to whom shall be assigned such duties as shall be provided by the Board of Governors.

SEC. 11. At any time thereafter, when the State shall contribute a sum equal to that invested in the lands, buildings, and property of said Corporation, then there shall thereafter, and as long as the said Corporation shall exist, be reserved in said Hospital a certain number of beds, not less than one for each County in the State, for the use of poor patients, resident out of the City of New York, to be selected as the Legislature may hereafter designate; and said patients shall receive the medical attendance and care of the officers of said Hospital, and be boarded therein free of expense, until, in pursuance of the rules and regulations thereof, they are discharged.

SEC. 12. The Act passed on the first of March, seventeen hundred and ninety-nine, entitled "An Act to Incorporate the Lying-in Hospital of the City of New York," is hereby so far amended as to enable the Trustees of the said Corporation to appropriate its funds to the use and purposes of the Corporation hereby created.

SEC. 13. This Corporation shall possess the general powers and be subject to the general restrictions and liabilities in the Third Title of the Eighteenth Chapter of Part First of the Revised Statutes.

SEC. 14. This Act shall take effect immediately.

BY-LAWS OF THE BOARD OF GOVERNORS OF THE
WOMAN'S HOSPITAL
IN THE STATE OF NEW YORK

Revised November, 1938

ARTICLE I.—STATED MEETINGS

SEC. 1. Stated monthly meetings of the Governors shall be held on the third Monday of January, February, March, April, May, October, November and December. All meetings shall be held at such time and place, in the City of New York, as the Board shall from time to time order or direct.

SEC. 2. If any member of the Board of Governors shall be absent from six consecutive stated meetings, such absence, unexcused, shall, *ipso facto*, be deemed a resignation of membership.

ARTICLE II.—ORDER OF BUSINESS AT STATED MEETINGS

SEC. 1. The following shall be the order of business at the stated meetings of the Board:

Reading the minutes.

Report of the Treasurer.

Reports and communications from the Chief Surgeon.

Reports of Standing Committees.

Reports of Special Committees.

Miscellaneous business, including unfinished business.

Filling vacancies in the Board and in other offices.

Nominations to office.

SEC. 2. All resolutions shall be submitted in writing by the mover.

ARTICLE III.—SPECIAL MEETINGS

The President or any two members of the Board, may call a special meeting of the Governors, by not less than one day's notice, given by the President, the Secretary or the members calling such meeting.

ARTICLE IV.—ELECTION OF GOVERNORS

At their stated monthly meeting, in March in each year, the Board of Governors shall elect, by ballot, the members who are to serve in the class whose term of service will expire on the third Monday of April next after such election. In case of a failure to hold such election at the time above specified, the election may take place at any stated or special meeting thereafter.

ARTICLE V.—ELECTION OF OFFICERS

SEC. 1. At their stated monthly meeting in April in each year, the Board of Governors shall elect, by ballot, a President, a Vice-President,

BY-LAWS

a Secretary, and a Treasurer, who shall all hold office for the term of one year next after their election, and until their respective successors shall be elected and accept office.

SEC. 2. In case the Board shall fail to elect any officer on the day above specified the election may take place at any stated or special meeting thereafter.

SEC. 3. The Board may at any time elect one or more honorary Vice-Presidents.

ARTICLE VI.—PRESIDING OFFICERS

The President, and in his absence the Vice-President, shall preside at all meetings of the Governors. In the absence of the President and Vice-President, the Governors present shall appoint one of their own number to preside.

ARTICLE VII.—THE TREASURER

SEC. 1. The Treasurer shall have the custody of all bonds, stocks, deeds and other papers and documents relating to the property of the Corporation, and of all moneys received for or belonging thereto, and shall open an account in the name of the corporation with such banks and trust companies in the City of New York, as may be approved by the Board and shall deposit all moneys therein immediately upon receiving them. He shall present each month to the Governors a report of the accounts of the Hospital for the preceding month and shortly after the close of each fiscal year shall present a similar report for such year.

SEC. 2. He shall cause to be kept such accounts as may be necessary to show properly the receipts, expenditures and financial condition of the Hospital, or as may be required by the Finance Committee. These accounts shall be open at all suitable times to the inspection of the Governors.

SEC. 3. He shall present each month to the Assistant Board a report of the current receipts and expenses of the Hospital for the preceding month.

SEC. 4. He shall pay moneys by authority of the Board of Governors or of the Executive Committee and is authorized to buy and sell securities and other property with the approval of a majority of the Finance Committee and not otherwise.

SEC. 5. He shall have the custody of the corporate seal, to be used only under the authority of the Board, or of the Executive Committee, except on satisfaction pieces of mortgages, upon which the Treasurer is authorized to affix the seal when any such satisfaction piece has been duly signed by the President.

SEC. 6. All bonds, stocks and other invested securities and evidences of debts shall be kept, as the Board may direct, either in the vault of a Safe Deposit Company, to be taken in the name of the Hospital, or with the duly incorporated Trust Company, located in the City of New York,

BY-LAWS

upon a receipt from such Trust Company, holding itself responsible for the safe keeping of such securities. In either case access to said securities shall be had only by the Treasurer, when accompanied by a member of the Finance Committee, or in the absence of the Treasurer by any two members of the Finance Committee. A record of each visit shall be kept in a book provided for that purpose, stating over the signature of the visitors all withdrawals or changes made in said securities, and when no changes are made the object of the visit.

ARTICLE VIII.—THE SECRETARY

SEC. 1. The Secretary shall give notice of and attend all meetings of the Governors, take minutes of the proceedings thereat, and transcribe them in a book provided for that purpose, and attest the same.

SEC. 2. He shall give immediately notice of their elections or appointments to all Governors, officers and members of committees and to the Surgical Staff. He shall prepare the Annual Report of the Governors and attend to its publication.

ARTICLE IX.—STANDING COMMITTEES

SEC. 1. There shall be the following Standing Committees of the Board:

Executive Committee.

Committee on Finance.

“ on Law.

“ on Nominations.

“ on Supplies.

“ on care of Buildings and on Repairs.

“ on Nurses.

Inspecting Committee.

Auditing Committee.

Committee on Social Service.

SEC. 2. The President annually, at the stated May meeting, unless it be ordered otherwise by the Board, shall appoint all the Committees.

ARTICLE X.—EXECUTIVE COMMITTEE

SEC. 1. This Committee shall consist of nine Governors, including *ex-officio*, the President, Vice-President, Treasurer, Chairman of the Committee on Supplies, Chairman of the Committee on Nurses and Secretary of the Assistant Board.

Three shall constitute a quorum.

It shall have the general charge over the Hospital during the time intervening between the regular Meetings of the Board of Governors.

It shall keep records of all its Meetings and shall submit them for confirmation to the Board of Governors at its next regular meeting.

SEC. 2. Its Meetings shall be held at least once a month at such time as may be provided by its rules.

BY-LAWS

SEC. 3. It shall audit and examine the accounts of the Superintendent and authorize such repairs and disbursements as may from time to time be necessary and shall draw drafts in favor of the Superintendent upon the Treasurer therefor. Such drafts, except for the monthly pay roll and supplies, shall not exceed \$500 without authority of the Board of Governors and must be signed by two members of the Executive Committee and when received by the Treasurer will authorize him to remit to the Superintendent the amount called for thereon.

SEC. 4. The following shall be the order of business at regular meetings of the Executive Committee.

Reading the minutes.

Reading the minutes of the Assistant Board.

Reading the minutes of the Surgical Board and communications from the Chief Surgeon.

Report of the Superintendent.

Report of the Committee on Nurses.

Miscellaneous business.

ARTICLE XI.—COMMITTEE ON FINANCE

This Committee shall consist of five Governors including the President and Treasurer *ex officio*. Its duties shall be to advise with and assist the Treasurer, and to control all investments.

ARTICLE XII.—COMMITTEE ON LAW

This Committee shall consist of three Governors, and the President *ex officio*. It shall advise the Board as to any legal question submitted to it. It shall have charge of the prosecution and defence of all suits to which the Hospital may be a party.

ARTICLE XIII.—COMMITTEE ON NOMINATIONS

This Committee shall consist of five Governors, including the President and Secretary *ex officio*. All nominations to fill vacancies in the Board of Governors shall be referred to it, and at the next regular meeting of the governors it shall report such name or names as it may deem best for election.

ARTICLE XIV.—COMMITTEE ON SUPPLIES

This Committee shall consist of five members who shall have the direction and supervision of the purchase of all articles and stores for the Hospital.

ARTICLE XV.—COMMITTEE ON CARE OF BUILDING AND ON REPAIRS

This Committee shall consist of two members and the President *ex officio*. It shall have charge and care of the buildings, and have charge of all repairs.

BY-LAWS

ARTICLE XVI.—COMMITTEE ON NURSES

This Committee shall consist of five Governors and the President and Chief Surgeon *ex officio*. The latter shall have no vote.

It shall have general supervision over the Nurses and their work. Three shall constitute a quorum.

ARTICLE XVII.—AUDITING COMMITTEE

This Committee shall consist of two members, who, shortly after the close of each fiscal year, shall examine and check the bonds, stocks, mortgages or other securities or evidences of value owned by the Hospital and shall also have the accounts of the Treasurer and Superintendent for the last fiscal year examined and checked by certified public accountants; and shall thereafter report to the Board the result of such accounting with its recommendations.

ARTICLE XVIII.—INSPECTING COMMITTEE

SEC. 1. This Committee shall consist of two Governors for each month, but no two Governors shall serve for two successive months. It shall inspect all the Hospital buildings, visit the wards, service rooms, and laboratories and shall examine as to the cleanliness and order of all parts of the Hospital and grounds.

SEC. 2. It shall enter its report and suggestions in a book, which book shall be laid before the Executive Committee at its next regular meeting.

ARTICLE XIX.—COMMITTEE ON SOCIAL SERVICE

This Committee shall consist of five Governors and the President and Chief Surgeon, *ex officio*. The latter shall have no vote. It shall have general supervision over the Social Service Department. Three shall constitute a quorum.

ARTICLE XX.—ASSISTANT BOARD

SEC. 1. The Domestic affairs and concerns of the Hospital shall be managed by the Assistant Board, appointed in accordance with the Charter, and composed of twenty-five Ladies. It shall have general supervision over the domestic management of the Hospital, subject to the approval of the Board of Governors.

SEC. 2. It shall nominate to the Board of Governors members to fill vacancies among its number, shall enact By-Laws for its own government, shall elect annually a Chairman, a Secretary and a Treasurer and shall appoint its Committees, which Committees shall report to the Assistant Board. It shall fix from time to time the number of members of which each Committee shall consist.

SEC. 3. It may report to the Board of Governors at their Regular Monthly Meeting any matters upon which it may desire to inform the Board, or upon which action may be desired.

BY-LAWS

ARTICLE XXI.—EXECUTIVE STAFF

The Board of Governors shall appoint a Superintendent and such Assistants as the Board may deem necessary for the service of the Hospital and also a Directress of Nurses, who shall hold office during the pleasure of the Board or of the Executive Committee.

ARTICLE XXII.—CONSULTING STAFF

SEC. 1. There shall be four or more Consulting Surgeons and Consulting Physicians. They may be consulted on any important case by any member of the Attending Staff.

SEC. 2. Consultants shall have the privilege of sending patients to the private and semi-private rooms of the Hospital when available, and shall have the assistance of members of the House Staff.

ARTICLE XXIII.—SURGICAL BOARD

SEC. 1. The Surgical Board shall consist of the Chief Surgeon, who shall be President of the Board, the Attending Surgeons and the Head of the Pathological Department.

SEC. 2. The Surgical Board shall have general supervision under the direction of the Chief Surgeon of all matters pertaining to the Surgical, Medical and Laboratory work of the Hospital and of the Out-Patient Department. It shall recommend subject to the approval of or at the request of the Chief Surgeon and subject to the approval of the Board of Governors, rules for the internal management of the Hospital so far as the Surgical, Medical, Pathological and all Laboratory Staffs are concerned, provided the rules shall not conflict with the rules and regulations established by the Board of Governors.

SEC. 3. Should a member of the Hospital Staff be insubordinate or otherwise behave in any way prejudicial to the best interests of the Hospital or welfare of the patients, the Chief Surgeon or any Attending Surgeon may suspend such member and shall report the fact of and the reason for such suspension to the Chief Surgeon and to the Executive Committee and shall notify the Superintendent.

ARTICLE XXIV.—CHIEF SURGEON

SEC. 1. There shall be a Chief Surgeon in charge of the surgical work of the Hospital who shall be appointed by the Board of Governors and as such Chief Surgeon he shall be the chief head of the Gynecological, the Obstetrical, the Pathological, the Special Clinics Department and the Out-Patient Departments of the Hospital, and subject to the Board of Governors and the Executive Committee he shall have full charge and management of the Surgical Staff, of the surgical work of the Hospital and of the above Departments, including the assignment of patients.

SEC. 2. He shall have the control of the clinical material of all the Departments and may select from this material whatever may be neces-

BY-LAWS

sary for his own use in the Hospital, and subject to the approval of the Board of Governors, he may make use of the clinical material of the Hospital for teaching purposes.

SEC. 3. The Board of Governors may appoint an Assistant Chief Surgeon who shall perform such services as the Chief Surgeon shall require and in the absence of the Chief Surgeon shall assume, during his absence, all the powers and duties of the Chief Surgeon.

SEC. 4. In case of expected absence, if no Assistant Chief Surgeon has been appointed, the Chief Surgeon shall have power to appoint as Acting Chief Surgeon, subject to the approval of the Executive Committee, one of the Attending Surgeons, who shall assume during his absence all the powers of the Chief Surgeon.

ARTICLE XXV.—ATTENDING STAFF

SEC. 1. The Attending Staff shall consist of

The Chief Surgeon.

The Assistant Chief Surgeon, if any.

Not less than three nor more than ten Attending Surgeons of which the Obstetric Surgeon shall be one.

Not less than three nor more than ten Junior Attending Surgeons of which the Junior Obstetric Surgeon shall be one.

Not less than three nor more than ten Adjunct Assistant Surgeons.

SEC. 2. Adjunct Assistant Surgeons shall attend as Chiefs of Clinic in the Out-Patient Department on such days as may be designated by the Chief Surgeon.

SEC. 3. The members of the Attending Staff shall at all times throw their entire influence in favor of the Hospital, and shall have no connections with other Hospitals which require divided loyalty.

SEC. 4. Members of the Attending Staff and of the Departments referred to in Article XXVII shall be nominated by the Chief Surgeon and appointed by the Board of Governors.

SEC. 5. There shall be an age limit of sixty-three years for members of the Attending Staff. This age limit shall not apply to the office of Chief Surgeon.

ARTICLE XXVI.—LEAVES OF ABSENCE OR VACATIONS

In case a leave of absence from regular service or a vacation is desired by any member of the Attending Staff or of the House Staff, or by the Head or Assistant Head of any Department referred to in Article XXVII a request for such leave must be made in advance (preferably at least a week in advance) upon a form provided for that purpose. Each request, if granted, shall bear the approval of the Chief Surgeon and of a member of the Executive Committee, and should a substitute be necessary, the name of a substitute, qualified to act and who has signified his willingness to act for the absentee during his leave of absence. Each request, if granted, should bear also a statement signed by the Superintendent

BY-LAWS

that the Superintendent's office has been duly notified in writing of the proposed leave of absence.

ARTICLE XXVII.—DEPARTMENTS

SEC. 1. There shall be

A Gynecological Department.

An Obstetrical Department.

A Pathological Department.

A Special Clinics Department, which shall consist of the Special Clinics of Urology, Gastro-Enterology, Radio-therapy and Orthopedics.

An Out-Patient Department.

A Pediatric Department.

SEC. 2. Each of these Departments shall have a Head, who shall be subject to the Chief Surgeon. If, however, the Chief Surgeon shall act as Head of any of the Departments, no other Head of that Department need be appointed.

SEC. 3. All employees in all Surgical Departments shall be subject to the discipline of the Hospital.

ARTICLE XXVIII.—REGISTER AND REQUISITIONS

SEC. 1. Members of the Attending Staff and Heads and Assistant Heads of Departments referred to in Article XXVII on arrival at or departure from the Hospital shall note the hour of their arrival and departure in a record kept for that purpose.

SEC. 2. Whenever, in the opinion of a member or members of the Surgical Board, any instrument, apparatus, medical work, or other article shall be thought necessary for use in the Hospital, the name of the article required, and the name of the surgeon or surgeons making the requisition, shall be entered in a book kept for that purpose in the Superintendent's office, and no outlay for the purposes above named shall be made until the requisition shall be approved by the Chief Surgeon and shall be authorized by a member of the Executive Committee.

ARTICLE XXIX.—COURTESY STAFF

Invitations shall be extened each year by the Executive Committee or by the Board of Governors upon recommendation by the Chief Surgeon to not more than fifty Surgeons skilled in Gynecology or Obstetrics, who shall have the privilege of sending patients requiring treatment for diseases peculiar to women or obstetrical cases, to the private rooms of the Hospital, and of treating and operating upon the patients sent by them, subject to such conditions as the Board of Governors may, from time to time, determine.

ARTICLE XXX.—APPOINTMENTS

Members of the Attending Staff, Members of Departments referred to in Article XXVII, Members of the Consulting Staff and of the

BY-LAWS

Courtesy Staff, shall be appointed annually in the month of April, and shall hold office, subject to the pleasure of the Board of Governors.

ARTICLE XXXI.—ENDOWED BEDS

SEC. 1. The Board of Governors may fix amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy free of charge one bed in the common wards of the Hospital, subject, however, to such rules and regulations for the admission; treatment and discharge of patients as are now or shall be hereafter prescribed by said Board.

SEC. 2. Where such nomination is accorded during life, or in perpetuity, the amount paid thereafter shall be kept invested in income-producing securities until the privilege may lapse by the death of the donor or otherwise.

SEC. 3. A gift of \$10,000 shall entitle the donor and the donor's successors if either of them is or is acting for, a corporation or association, to nominate from time to time a patient to use and occupy free of charge one bed in the common wards of the Hospital for a period not to exceed ninety days of occupancy in any one year.

SEC. 4. A gift of \$10,000 shall entitle an individual donor and his or her successor, if acting only as an individual and not for a corporation or association, to nominate from time to time a patient to use and occupy free of charge one bed in the common wards of the Hospital.

SEC. 5. A gift of \$5,000 shall entitle an individual donor and his or her successor, if acting only as an individual and not for a corporation or association, to nominate from time to time a patient to use and occupy free of charge one bed in the common wards of the Hospital for a period not to exceed ninety days of occupancy in any one year.

SEC. 6. A gift of \$300 shall entitle the donor, for a period of one year, to nominate from time to time a patient to use and occupy one bed in the common wards of the Hospital free of charge for a total of sixty days.

SEC. 7. All endowed bed privileges are subject to the Rules and Regulations governing the admission, treatment and discharge of patients.

SEC. 8. Contributions to the endowment fund of free beds, as above provided for, may be made by installments, when the donor shall, in writing, so notify the Treasurer at the time of each payment. So long as the instalments so paid in shall not equal the sums required under the preceding sections, the amount received shall constitute a portion of the Partly Endowed Bed Fund, the income of which shall be used for the payment of the current expenses of the hospital, and no privileges shall accrue to the donor.

SEC. 9. The Board of Governors shall have power in their discretion to make, under special and exceptional circumstances, such other arrangements (temporary or permanent) as to endowed beds as they may deem best calculated to promote the objects for which the Hospital was established and is now being maintained.

BY-LAWS

SEC. 10. Certificates of the right to nominate patients to use and occupy beds free of charge shall be issued in such form as the Board of Governors may prescribe and when extending over a period of more than one year, shall be signed by the President or Vice-President and Treasurer, who shall affix the seal of the Corporation.

SEC. 11. If a donor of an endowed bed desires to appoint a successor to nominate patients to occupy such bed, the donor must so state in writing by will or otherwise, and notice of such change shall be given the Hospital within three months.

ARTICLE XXXII.—AMENDMENTS

No alteration or amendment of these By-Laws shall be made unless notice shall be given at a previous regular meeting of the Board of Governors. A copy of any proposed alteration or amendment shall be mailed to each member of the Board at least three days prior to the meeting at which action thereon may be taken.
